- Grip for Charged Line
- Rapid Egress Tool
- Tool Coupling Wrench
- RIT Tool
- High Volume Hose Handling
- Natural Gas Key
- O2 Bottle Key
- Foam Wrench

### Some Amazing Reviews:

*Great tool to have, everyone should have two of these in their bunker gear. The best multi-tool money can buy. - TG Treynor Fire and Rescue*

*This should be a mandatory piece of equipment for every fire fighter with all it's versatility. - Bradley C.*

*Awesome tool, I keep it in my bunker pants pocket and use it all the time. Definitely worth the investment. - Brandon B.*

### PRODUCT OFFERINGS

#### Snap-tite Hose Warrior <sup>10</sup>

(ID 1.88" FW or 1.77" FWN)

SIZES: 1-3/4", 2-1/2"

CONSTRUCTION: Proprietary jacket material with extruded thru-the-weave nitrile rubber liner.

#### Snap-tite Hose Gladiator <sup>10</sup>

(ID 1.88" FG or 1.77" FGN)

SIZES: 1-1/2", 1-3/4", 2", 2-1/2"

CONSTRUCTION: Polyester outer jacket material with extruded thru-the-weave nitrile rubber liner.

#### Snap-tite Hose Conquest <sup>10</sup>

SIZES: 1-3/4", 2", 2-1/2", 3"

CONSTRUCTION: Polyester outer jacket material with extruded thru-the-weave polyurethane inner liner.

#### Snap-tite Hose Conquest LDH <sup>10</sup>

SIZES: 4", 5", 6"

CONSTRUCTION: Polyester outer jacket material with extruded thru-the-weave polyurethane inner liner.

#### Snap-tite Hose Supreme <sup>10</sup>

SIZES: 1-1/2", 1-3/4", 2", 2-1/2", 3"

CONSTRUCTION: Polyester double jacket EPDM rubber liner with rubber backing.

#### Snap-tite Hose 8D <sup>10</sup>

SIZES: 1", 1-1/2", 1-3/4", 2", 2-1/2", 3"

CONSTRUCTION: Polyester double jacket EPDM rubber inner liner.

#### Snap-tite Hose 8T <sup>10</sup>

SIZES: 1-1/2", 1-3/4", 2-1/2", 3"

CONSTRUCTION: Polyester double jacket with polyurethane liner.

## Fire Apparatus & Emergency Vehicles

- Lightweight composite material will never rust or corrode – compare that to other Type 6 engines and brush trucks.
- Stainless steel manifolds that utilize Victaulic couplings to ease the maintenance process – keeps your brush truck operational.
- A multiplex electrical system with remote/field diagnostics capabilities – troubleshoot your brush truck even while on the scene.
- Unique modular designs offer a vast variety of independent storage solutions – a must for Type 6 brush truck applications.
- Specialty trim/finish components – tailor your Type 6 brush truck to fit your individual needs.

## Tools & Facilities Supplies

### TRAINING LADDERS

#### ENDLESS LADDER ESSENTIAL FOR FIREFIGHTERS

#### A HIGH PERFORMANCE TO GET TO THE TOP!

The DISCOVERY® full body ergometer is a perfect training device for climbing an endless ladder with endurance and coordination skills.

The use of this FITNESS EQUIPMENT will help you to be in compliance with NFPA 1401, NFPA 1404, NFPA1500 and NFPA 1583.

The h/p/cosmos ladder-ergometer DISCOVERY® has been developed for realistic stress-tests and fitness training in the firefighters training-courses world wide. The better the TRAINING, the more SUCCESSFUL the fire brigade's mission will be.

Firefighters, Army and Special Forces will benefit from the realistic motion pattern.

Just Purchased by the U.S. Air Force – Fire Department of McConnell AFB KS

## Tools & Facilities Supplies

### ALARM SYSTEMS

#### Paging Speakers, Horns, Volume Controls

Paging speakers and horns for clear, audible output of voice paging, background music, and tone alerting.

Volume controls for setting the loudness of speakers in individual rooms or areas.

#### Audible/Visual Appliances

- Sounders and Sounder Strobes
- Horns and Horn Strobes
- Strobes
- Colored Lens Appliances
- Chimes and Chime Strobes
- Bells
- Weatherproof Appliances
- Speakers and Speaker Strobes
- Supervised Horns and Cluster Speakers

#### Explosion-Proof & Hazardous Location Call Points, Bells & Relay

Eaton offers a broad range of Explosion-Proof and Hazardous Location products, including Call Points designed for activation of fire alarm panels, Bells listed for service in Division One applications, and a Telephone Relay for activation of various appliance

#### Indoor Communications System & Accessories

The SAFEPATH voice evacuation system (SP405) and accessories provide supervised in-building emergency communications. The multi-use system can function as an evacuation system, emergency messaging system, paging system, employee notification system and a background music system.

#### Explosion-Proof and Hazardous Strobes

Eaton offers a variety of strobes for use in potentially harsh atmospheres and environmental conditions including UL listed, high output, and a number of color, voltage and candle models.

#### Industrial Multitones & Multitone Strobes

- MTN-T Multitone Horn Strobes
- MT Multitones and Multitone Strobes
- AMT Multitones and Multitone Strobes

#### Wide-Area High-Power Speaker Arrays

Designed to meet Life Safety requirements, WAHVES High-Power Speaker Arrays (HPSA-7500-B Series) provide crisp, intelligible voice, tone and siren warnings. The HPSA can be integrated with voice-capable S&C's, SAFER&C's, SAFER&C's MMS and other audio sources to expand emergency communications to large outdoor areas.

#### Bells

- 43T Vibrating Bells
- B&B Motor Bells
- C&C/C&R Explosion-Proof Bells

#### Explosion-Proof and Hazardous Area Horns, Speakers & Combination Units

Eaton features a variety of horns, speakers and combination horn strobes and speaker strobes designed to cope with the harsh environmental conditions found offshore and onshore in the oil, gas and petrochemical industries.
